

Important information!!! (CZECH TRUCK PRIX)

Due to the continuation of the measures to prevent the spread of the coronavirus and COVID-19, the crowd figures have been limited over the Czech Truck Prix race weekend. That is why the organiser has proceeded to divide the area into separate zones on the Spectator Hill (Zone A to E, see the map). You can buy a single-day ticket for any of these zones, but always only until the limited number of places run out.

On presentation of your ticket at the entrance to the Autodrom complex, a zone entrance bracelet will be affixed to your wrist admitting you to enter a particular zone depending on the wristband colour. You are not allowed to move outside your zone except for access.
